LET'S BUILD A BRIGHTER TOMORROW!

VOTE HUDSON FOR STATE SENATE NOVEMBER 5TH

from Kansas

TAX REFORM

Increasing property taxes in our state can be especially difficult in the current economic climate. Benee´ will seek responsible limits to property tax increases to keep Kansans in their homes.

SUPPORTING KANSANS

Many Kansans fall into the gap of eligibility for state aid and services which is forcing some to choose between food, housing and healthcare. We need fair and practical solutions to ensure those most vulnerable receive the support they deserve.

SAFETY

Benee´ supports adequate funding for law enforcement agencies to keep Kansas communities safe as we mitigate the challenges of the border and combat the flow of fentanyl in our state.

PROSPERITY

Corporate welfare undermines accountability. Benee´ believes in fair competition and equitable opportunities for all businesses large and small.

CONSTITUTIONAL FREEDOMS - SUPPORTING STUDENT ACHIEVEMENT - SMALLER GOVERNMENT
